

# MOBY MAX

Moby Max is a supplemental resource for all subjects. In Social Studies, specific lessons that go along with our current topics will be assigned at the beginning of each 9-Week period. Students are to do this as an “ongoing assignment” that is due at the end of the Quarter (9-Weeks). It does help if they keep up, because lessons are assigned to help them with the topics we cover in class.

Moby Max will have current, up-to-date information that isn't available in a textbook or printed publication. Moby Max is also EXCELLENT for students to gain experience with the technology used on our more interactive State and Diocesan Assessment Questions (i.e. Drag and Drop; Orderings; Placing information on Charts & Graphs and more)

There are various times students can work on their Social Studies Moby Max, plus we will have Social Studies class time, where we work in partners so they can problem-solve together. It is also something to be done as homework, since we do much of our Social Studies in class and don't have a lot of homework.
